Is it a virus? I downloaded it from game-maps.net and i can't get rid of it.
Stopped all unnecessary processes
Tried deleting it in windows. Cannot delete, make sure disk is not write protect bla bla
Tried to dos-delete it. Access denied
Tried to remove write protect from it in dos. Access denied

What is going on??? Have i downloaded ANOTHER trojan?
I only re-formatted a few days back due to Trojan.Vundo
Could my download have been hijacked?
