"Your" war? You didn't do much until you were attacked too, so how was it "our" war?

We didn't do much? We were your number one supplier of war material(lend lease)...you know...the stuff that allowed you to fight Hitler(this is not even mentioning the First World War) and kept him from squashing you like every other European country (principally naval resources). It was "your" war because you let it brew right in your own back yard....England and France pressed the Versailles Treaty because of hatred and revenge...and then appeased the madmen that resulted from it when they started on their warpath.

You got involved in OUR war because the Jap's bombed YOUR harbour.....correct me if I'm wrong but why the fuck were you getting involved in OUR war because you should have just started YOUR own war with the Japs in that case.....oh wait, twas a WORLD war, hmph. I was under the impression that the USA and the UK were supposed to be allies....besides we developed the MRLS without YOUR help

YOUR government isn't perfect....have a look at the American War in Vietnam.....
