Chuck Norris wrote on Tue, 27 November 2007 04:50Meh, the only thing I dislike is the avatar and stuff at the top of each post. I don't care about it visually, but it kind of cuts into the discussion flow.
Trust me, I felt the same way back when we switched from phpbb. I got used to it though, and I actually like it the way it is.

As for the theme, hell no. Classic is good.
