Hey I'm a old vet of Renegade But I have'nt played in over a year. After playing Medal of Honor Heroes 2 for the Wii, I got a craving for a FPS that's you know not crap , SO my question is how is renegade doing these days? Do alot of people still play,are there many servers up? I miss the good old days on renegade and would want to get back into it if its worth while.

Thanks in advance.
