EWD, if you would have read my post where I talked about Minarchism, you wouldn't have posted what you did. Also, do you think I support my government causing inflation? I sure hope not, else you don't know jack shit about my leanings, which I've stated in more than one topic.

I read your learnings, and I disagree with them. In your words, they are "a crock of shit".

I'm sorry you can't handle disagreement.
