This infuriates me- Why the fuck is it that white people are oh-so-racist, yet it's perfectly a-ok to put lives in danger because you don't want to offend people?

Uh oh, I'm offended! Oh wait, I'm just a white person, pay no mind.

I find it almost hilarious how apperently black people are soo "repressed" and how "the man brings them down" and shit.

I'm willing to bet that if it were any other race than black that's being offended, no one would care.

This better be some sort of joke, because I can't see how people can be THAT retarded and hypocritical.
