Nuttavud1I load my pistol every time before I get off the base!Everyone that doesn't a n00b will do it! LOL

Oh... finally you are the second Thai player in the Renegade forum! As the Thailand Supreme Commander I hereby instate you as my assistant! A Major I think...

Anyway, back on topic I usually load up my pistol, especially when I use Eng/Hot/Tech, and I recommend everyone to do so as it's a REALLY basic tactic.
