Whats your favorite character and for what reason? I'd like to know why some people pick what.

For me, its honestly the GDI Soldier. The GDI Auto Rifle is actually really great, if (like me) you can get about 75% headshots. It demolishes infantry with 7 damage per shot and a very high rate of fire. The GDI Soldier is also very thin and short, making him ideal for hugging in tunnels and crouching. Also, his tan/yellow suit is a great camo for maps like Canyon, Walls, Mesa, etc.

What about you guys?
