hey, im SRDoom and my clan SR is looking for some players for the clan. what is SR and why should you care? well, SR is (Shadows Rising) for Renegade and other games. we, as of now, have about 6-7 players for renegade and we would like to have more members to have clanwars and funwars with.

if you were like me, you wanted a clan that you know you can increase your skills and play more clanwars in and share some awesome memories in. thats why i choose SR. because the leadership is, not only just, but fare. the members are always wanting to hangout and play some games. We might not be great in numbers but we do have skills. i recommend you take a look on our clan server on renegade and hangout a bit.

if you want more information to this clan and what you can do to join, go to:

<http://forums.sraclan.com/>

and signup and login and talk abit.

my xfire name is:

caltron

Nickname: SRDoom
