Agreed with you, I used to play GTA II years ago when it was released on the PS1 (even though I was nowhere near as old as the certificate on it) and just drive around in the tank squishing everything. But I got bored of it after a while, and when I played it again recently it was really dull, loses it's appeal once your a bit older.

Yeah, I used to enjoy driving around in Driver 2 doing random stunts and getting chased by the police. I got my PS1 out a month or so ago and was amazed at how bored I got within about 5 minutes. :/
