C&R has evolved, but in a wrong way, before when it started, it used to be a mix of roleplay, normal CNC, and current CNR.

Nod team was police (because of the apaches and officiers)

and GDI was Rob team (because some characters look like thugs and they had seddans and humvees)

There was a whole system of court and jail, it was really great!

Now you might ask: how the hell do you know all that?

well, the awnser is simple: I helped my sister to create the first Cops And Robbers game. (meaning in Renegade, heh)
