Ok... link to the pic is: [http://www.geocities.com/havoc\\_elite2003/Renegadeclub.jpg](http://www.geocities.com/havoc_elite2003/Renegadeclub.jpg)

I made a link looking like this (with the [ and ])  
[ img ] link [ /img ]  
But the pic doesnt work in the profile when i check it!!

What am i doing wrong? i also tried HTML code... same effect
