I find it appropriate to pose this question again@

Quote:why does it bother you so much that someone says the reason you do something retarded is out of anger? And yes, it clearly does bother you, because you always, ALWAYS try so very very hard to convince everybody otherwise.

Because, let's face it, that's the only reason you're still posting. It can't be about the DQ because you've been proven wrong about that. It can't be about denying the fact you lied to everyone because you've been proven wrong about that too.

So, is it just that you're so desperate to finally win a renebate that the only thing left is something that can't be proven?
