another thing that !info command what other info can u add?
i tried to add 5 new ones until i release they were not constant char lol

You can add all types of info, there's too much to list.

It should not be moving you to 0,0,0, not if you have changed all three random spawn positions.

i guess ill have to find out how to add other infos that arnt
constant char

and reborn i just copied and pasted and changed the x,y,z int he 3 spots
