Aircraftkiller wrote on Wed, 04 June 2008 18:21 Stop being idiots. What difference does it make if he's banned? You can't "ban" someone you don't like in real life. Use the ignore function. That's stupid, imo.

What is the benefit in restricting yourself from using a function that is clearly usable just because you can't do it "in real life."

The ability to do so is there. It works. If it wasn't meant to be used than it wouldn't exist.

I'm not saying we should ban troop, I just think that not banning someone because you can't do it in real life is flat out idiotic.
