Aircraftkiller wrote on Sat, 07 June 2008 14:52My point, as it has been since post number one, is this:

Since you guys create more drama, insult fests, etc than Trooprm02 does I'm of the opinion that you should be banned. In fact I'd like it if you were banned. There's only one problem though: if you're banned there might only be about ten of us left.

Here's a really good idea. Take some personal responsibility and...

SHUT THE FUCK UP.

Ignore him. There's a function on the forum that takes away every post of his that he's ever made. If you don't like him, don't post about it on the forum every waking hour.

It's not "i was banned so i sympathize with troop", it's more like "stop spamming the forum by being the retarded assholes you think troop is"

night: I don't care if Troop does things outside of this forum. I don't care if he does anything on this forum besides spam it. I haven't seen him spam the forum recently but I have seen people wanting to ban him making more of a scene than he does.

/disagree all you want, "C&C Renegade Official Forums" is the same place it's been since 01.
//you weren't here back then, what would you know about that
My god, will you get over it?

And stop bragging about how long you've been here. No one gives a shit.
