luv2pb wrote on Sun, 08 June 2008 19:47lol just because goztow is such a tool and a shitty mod I'm taking rocko's side on this one.

Also, with this forum software to ban you need access to the admin cp so goztow isn't actually banning shit.

I'm with rocko too because i dont really like goztow. I reported some messages that hurt my feelings and then he replied said that he wont do anything about it. So i'm on rockos side. GO ROCKO!
