NuneGa wrote on Tue, 03 June 2008 20:10 Really handy if your in a cw and the art decides to go under the bridge so you cannot hit it.

Go to the infantry entrance closest to nod... drive your med up it against the right wall veryyy fast and you should land in the cave without flipping your med...

p.s try to hs tech whilst in the air and GG.

Oh looksie I made a tactic topic.

fraps or it didn't happen
