Baker wrote on Wed, 02 July 2008 17:39: What about the marathon servers? Have you ever tried joining into a game with no refinery (which is a very common thing). That's unbearable enough, but when pointsfix is on, there'll be no way to get credits in an effective way.

I'll simply ask: You join a game halfway through, after your refinery has died, and you think the pointsfix is why you've got cashflow problems?
