I race my WRX with a guys who races one of these. He let me take it down the track once and tbh it was horrible. It isn't comfortable at all, it isn't smooth or even fun to drive. It takes corners like it is a tank but I think a little worse lol. I think the only way that car would be fun is if you were doing long, straight drag races. For the money that thing costs I was very dissapointed.

My dream car is this one ...

And yes that is my car.

Tbh the WRX is way too over rated. Although it is a nice car.

Everyone has their own opnion. Personally I absolutly love my car and wouldn't trade it in for anything. Even if I became stupid rich I would still drive this car ... and I'm sure some of these others posted too.
