Ive started to learn how to do this,  
The tanks that I've not done this yet with, (I mean, from a distance, sheer luck. In close Ive had all 6 slam).

Field, Mammy behind cover.  
Flame tank.  
Light's I cant catch. Might just be me?  
Stealth tanks same thing.  
Artillery's are dead in the water.  
The rest dont matter.
