StealthEye wrote on Wed, 06 August 2008 02:45No it's not, hence you need to flame them to death for losing the game so that they will never play Renegade again because they will obviously never learn. Hey, you started Renegade knowing all tactics and getting the right vehicle all the time, right?[/sarcasm]

The points fix really doesn't affect gameplay, apart from exploit-tactics like shooting the harvester with a soldier or camping with apc's to win a game... If you stick to reasonable tactics, there is not much of a difference.
cant wait for that
