Aircraftkiller wrote on Fri, 22 August 2008 03:58I can't even see the logic in letting terminals be accessible from outside. How can fixing an obvious, glaring error be something that's either good or bad? Fix it!
^
If half points fix isn't a good compromise neither is adding pts. Fix it all or fix nothing tbh.

"If westwood had intended this there would've been PT's outside in the first place"
