Omar007 wrote on Wed, 12 November 2008 06:00Since it is a bit different with TfD i hope this works: (in TfD also other files need to change)

right click on:

Ra2.exe
game.exe
mph.exe
mphmd.exe
RA2MD.exe
YURI.exe

apply this setting :

then (ONE OF THEM!!!)

1.
double click (open) game.exe -> select allow
double click (open) gamemd.exe -> select allow
double click (open) mph.exe -> select allow
double click (open) mphmd.exe -> select allow

2.
Or just turn off User Account Control
Control Panel > User Accounts > User Accounts > Turn User Account Control On or Off
-----

to start RED Alert 2, open Ra2.exe
to start Yuri Revenge, open YURI.exe

hmm maybe i did somethign wrong but i followed your instuctions do you have msn you could remote control my computer and help me out here please
