...They made a WOL clone? Gee, who the fuck ever did that!  
Notice how it says "Logging into Linkup"

Search Renforums for Linkup, I doubt you find a post about it. You'll have to ask somebody like Crimson about it. Maybe she will tell you what it was and why it's better than XWIS...  
I saw that part, but me being inferior to you and not having been on Renforums and n00bstories as long as you have (though I was PLAYING Renegade from the beginning, just not participating in the drama), I have no idea what that means.

And no, it doesn't return a post. But FUDforum's search is a piece of shit anyway.
