I have been getting this error when i try to uninstall renegade i have tfd.

the reason why i want to uninstall it is because, my Renegade has zoomed in some how i have been in the config nothing, idk what the problem is but i would just like to uninstall it and reinstall it..

Here are some pics of what it is doing..

Here is the location it says the Ctor.dll is supost to be.

C:\Program Files\Common Files\InstallShield\Professional\RunTime\11\00\Intel32
