R315r4z0r wrote on Thu, 26 March 2009 21:23From a PC gaming standpoint, it sounds like a good idea. But from a console gaming standpoint, I don't like it.

I like getting new consoles and the games for them. They do many more things than just play games, and I find it better to have an active physical game library.

lol, I like getting new stuff too, but console's are pricey, at least for me, but that's down to priorities. Plus, the things console's do today can easily be done on a computer, and better.
