How is that a problem?

Why the fuck should I take interest in every asshole's life just because they also use the internet?

This is also why I don't donate to "bums" on the sides of roads... How the fuck do I know they are not really making a fortune off of everyone else? I actually see them, and some look and prolly are real, but I still don't care. It is not problem they lost everything, or they are just to fucking lazy to work.

I got my own problems IRL, do you care?

Prolly fucking not.

Do I expect you to care?

Prolly fucking not, this is the internet.
