Subject: Westwood Online not working Posted by Mister\_Turdles on Fri, 17 Apr 2009 19:55:04 GMT View Forum Message <> Reply to Message

I'm on Windows Vista and using the 10th anniversary version, here is the message that pops up upon clicking on Westwood Online:

Westwood Online Error

Your installed version of Westwood Online is incompaitable with this product. Please reinstall the Westwood Online component.

Please help I'd really like to play this game, do I simply have to reinstall or?
