madrackz wrote on Tue, 09 June 2009 22:36Add to Hud.ini this line:

HidePlayerList=true

Preview:

Toggle Spoiler

If you dont have the Hud.ini then do this:

Create a new .TXT file, rename it to "Hud.ini".

Place it in Data folder and fill in this:

[General]

HidePlayerList=true

Thanks

And how to hide the "Credits" ingame?
