Lol, are you actually retarded or are you just putting it on?

I already have "YOUR" map. It comes with Renegade by default.

But you dont have my shaders and the Edited Version for MP.

Oh really that noone want my skins maps and stuff? ohh to bad i cant save more PM's anymore
also me asked some peoples for some skins etc that you never expected!

haha suckers

Oh no I'm going to miss out(!) Boo fucking hoo.

To be honest I'll be glad of the hard drive space more than a duplicate of a map which I already have.
