Warum sollt ich deine buildingbars löschen ?? was willst machen ??

du hast mich schon auf rencom gebannt...

ach und die harvbars funktionieren garnich

und was willst machen wenn ich deine shaders.dll release ??

You will see what happens when you release it without the source code.

Why should he completely remove them?

Though I do agree that if those building bars were done by you, he should give you the credits for it instead of saying he and player made the whole hud.

It look since tbh Some thins are indeed a bit pixely but you could fix that.

Because he was never allowed to have it, or to trade with it to get other stuff.

Edit: No idea why it's a double post now.
