yeah whatever, if you can at least point out where I'm wrong...

And anyway, YOU started this shit again with your lies:

Quote:A n00bstories "split" is a really bad term to use. In truth, a very small percentage of the players stole my server nickname for my marathon server and put their own anti-NS server up (LOL), Jelly refuses to even respond to me to tell me that he let them have it (real classy).

you'd like to live in a perfect world, where you can make up your stories and have no one arguing over them, I know that.
