The players of St0rm have played with him with no suspicion of cheats. We know who's cheating in our servers.

Meh. Like I said, He might not be that dumb now, and he might use *cheat name removed*carefully, or he doesn't cheat anymore at all. The thing that makes Queen still look like a retard is his denying of his past.

So, You're just spouting your mouth off without providing evidence other than a screenshot which doesn't prove it is him?

Biased much or are you just keeping even with rene-politics?

Many of his screenshots before he posted the ss with the rgh.1.3.3 have the same skins as the one with the rgh.1.3.3.

It's also pretty clear he was cheating online, I don't think anyone would fire up rgh.1.3.3 just to take a picture of their skins.
