What will happen to them?
Are they useless?

In always.dat i see a lot of building and vehicle soundfiles which were not being used =/

As in the Mammoth Rotating turret sound
As in the Tank moving tracks sound [well i dont clearly remember if there were...]

The Harvester engine sound =/
The Refinery door open sound =\

The Power plant Power up and power down sound =/

The Tank bounce sound

And the rest?

Is it possible?

=|
