What? Since when am I female? Or what do you mean? That dutch girls are tall?

In that case you're right, my gf is about 180-185cm I guess.

yes what i meant is about the dutch women. the girls over here are not that tall, between 160- 175 cm.

and i am 180 cm.

Than you just seek the tall girls or something xD

All the girls i had in class where ~5-10 cm smaller then me
