liquidv2 wrote on Thu, 08 October 2009 22:16i'd like to point out that jelly was completely willing to give a hostname to black-cell but by the time we got a hold of them they had just cancelled their server; jelly said he always has time for black-cell and i believe that had their community not already vanished that they would have had a server on the top of the list

the problem is we didn't reach them in time; they all got up and left

Well, from what I remember, they did even post here on RenF. Also, I know that we've asked (BlackIntel), and we where told to wait in line. Apparently Exodus and probably more communities where there before I asked
