From our sniping server because he was winning the ladder for it. He was kicked from his own clan for using the in game command to restrict his bandwidth and we busted him for doing the same.

Don't be telling peope you were kicked for winning because there is no way in hell you near as good as the next player down.

If you think you are so good I bet I can set up matches between ADM, Java, Boink and myself and lets see how good you really are. Oh and by the way I think you will dodge this challenge.

And when you do I WILL CALL YOU PUNK ASS B1TCH
