## Subject: Anyone see this before? "Joining Channel..."
Posted by djlaptop on Wed, 20 Aug 2003 09:01:01 GMT

I recently formatted my HD. Didn't change my hardware config at all except for a new monitor and new HD.

Installed Renegade, now when I connect to WOL, and try to join a game, I get the "Joining Channel" dialog, which just sticks there, never passing that point. If I click "cancel" and try to join another game, it immediately says "unable to join channel."

I've uninstalled/reinstalled Renegade and WOL several times, even to different directories to try to get around this problem and it still persists.

Anybody run into this before or have a fix?
