How many times do I got to say it?

Skins aren't for faggots.

Faggots make the skins!

Because that leaves room for error... basically a possibly good looking modification (someone slap me, quick)

Also, someone had to have made the first fagskin. And a fagskin cannot be made by a non faggot. Therefore, logic says that a fag had to be the originator of the first fagskin. That faggot's fagginess must have originated elsewhere.
