If I'd delete the topic, would you be happy?
I would (personally) start with removing admin rights of someone that encourages DOS'ing and would probably ban the person that is/was doing it.

Btw, you just got credits for at least suggesting to do something aobut it.

I kinda agree, but then again... we all know deleting topics is not a good way to handle things, because deleting the topic does not delete what is already out there...
True, therefore I suggested to do something else, and hey, gotta give him credits for at least seeing our point.
