OK so i got board tonight and was looking at Tuts on Renegadehelp.net and got 3ds max 8. And I'm making a little map, it's not done yet so don't get mad.

I'm going to Texture it now so ya.

So what do you think?
Update: OK so i delete the old one was having problems with 3ds max and the w3d exporter so i got it fixed now and started on this map.
