Just wanted to make a thread to discuss the prize.

Quote:
n00bstories has generously donated $200 worth of cash prizes!!! 1st place will receive $100. 2nd place will receive $60. 3rd place will receive $40.

NE has decided to contribute its 3rd place prize money back into the community. We'd like to donate $20 to Atomix and $20 to Exodus to support their servers and help with their payments. I just need the leaders from each of the two communities to make a post here to confirm this. I also give permission to the RGCT leaders to give the prize directly to these two communities rather than giving it to me.

Thanks again to n00bstories for your generous donation & best of luck to the organizers.
