GEORGE ZIMMER wrote on Wed, 20 January 2010 17:39Try making a blog saying "Islam is a shitty religion, seriously. Also, eating meat is awesome.".

See how long it takes for it to get shut down. That is, if you can even access any blog making sites.

no, the state wont do anything in such a case. I highly doubt you will find an example for this. at least I never heard of such a thing.

I am asking for a solid example. not a groundless assumption.
