Altzan wrote on Sat, 13 February 2010 23:09Sandisk Salsa Clip.. not familiar with that one.
Since I don't physically have it, I had to settle with googling around.
If your problem is connecting to the computer and putting mp3's on it, this guy's post might help:

http://www.ybo-interactive.com/blog/2008/02/21/sandisk-sansa-usb-problems/

I have no idea why the player would be losing songs, though.
Cool ill contact him when i get the chance. got it working ITS MINE!!!! also he put some files it
could not play, explaining the "disappearing" songs.
