All right... when I try to log in to Westwood online it just gives me the same crap message, which I have attached to this thread.

And RenGuard gives me "Error: 00000005".

I am installing Renegade using the Decades pack.  
I run Vista.

Thank you.

**Westwood Online Error**

**Your installed version of Westwood Online is incompatible with this product.  
Please reinstall the Westwood Online component.**

Okay
