Spoony wrote on Sat, 22 May 2010 13:31scum like you should be banned from the internet altogether, but don't worry, you won't actually be banned from this forum.

i'll just repeat what i've said before: if you want to undo the unbelievable amount of damage you've done to this game and this community, make a flawless anti-cheat. i personally suspect you aren't good enough of a coder to do that, which is why you'd rather take up the much smaller challenge of making cheats instead.
Just a though:
Nothing is unhackable.
