i just put resurrection, on my server, and when ever i join my server or anyone, the Renegade Master Server Says

Player Sbhkitten joining the game

Host: Player 'Sbhkitten' uses Renegade Resurrection 1.1.2 <download at [www.icefinch.net](http://www.icefinch.net)>  
<Game> state change to interrupted'.

Host: The game was interrupted because there are no enemies.

So with this, do i have to wait for someone eles to join on the enemy team to start playing?  
because i do have the 1 Person Server.dat Playable download. Please help.
