x50c3ntACk and how old are you? You seem to be criticizing other peoples age. So you must be an "adult" correct? And you waste your life making maps and entertaining other 14 y/os?
:rolleyes:

Well, yes, being 19 is considered being an adult.

Once again, for whining about others changing the subject, what does anything you've written have to do with what anyone else has said? If you can't keep to your own standards, shut the fuck up.
