I didn't get to see the movie yesterday, but I went to it today.

I couldn't find the movie playing at many of the theaters near me except one. It was completely awesome too. The theater was really high quality; stadium seating, extremely comfortable cushioned seats, retractable arm rests with cup holders... it had everything.

And the best part was, I had the entire theater to myself. There was absolutely no one else in the theater with me besides the occasional employee.

I thought the movie was awesome. A lot of action. Highly entertaining.
